

IN THE CLAIMS AMEND

- 1-9. (Cancelled)
10. (Currently Amended) The repair material according to claim 154, wherein the repair material comprises at least one grey-coloured layer.
11. (Currently Amended) The repair material according to claim 10, wherein the grey-coloured layer is a separate piece of material from the deformable microcapsule layer, the grey-coloured layer additionally including a layer of adhesive via which it can be attached to the deformable microcapsule layer.
- 12-14. (Cancelled).
15. (New) A repair material for a layer of paint, comprising:
- a deformable microcapsule layer having a plurality of microcapsules bound together with a binding agent, wherein the microcapsules comprise a decomposable wall material, which encompasses powdered paint particles therein; and
 - an adhesive layer associated with the deformable microcapsule layer;
 - wherein the decomposable wall material of the microcapsules and the binding agent decompose upon application of heat.
16. (New) The repair material according to Claim 15, further comprising a deformable base material adhered to the deformable microcapsule layer.
17. (New) The repair material according to Claim 15, wherein the adhesive layer comprises the same layer as the microcapsule layer, such that the repair material becomes adhesive upon application of heat.
18. (New) The repair material according to Claim 15, wherein the repair material comprises a repair patch having a predetermined geometry.

19. (New) A kit for repairing a layer of paint, comprising two or more repair patches according to Claim 15, wherein each of the repair patches comprises a predetermined geometry.
20. (New) A kit for repairing a layer of paint, comprising two or more grey-coloured layer pieces according to Claim 11, with each grey-coloured layer piece having a different grey value.
21. (New) The repair material according to claim 15, wherein the repair material comprises at least one coloured layer.
22. (New) The repair material according to claim 21, wherein the coloured layer is a separate piece of material from the deformable microcapsule layer, the coloured layer additionally including a layer of adhesive via which it can be attached to the deformable microcapsule layer.
23. (New) A kit for repairing a layer of paint, comprising two or more coloured layer pieces according to Claim 22, with each coloured layer piece having a different colour.
